

NCS Index 1950

A full NCS 1950 Standard colour reference library in one portable piece. Our most popular product used by thousands of colour professionals and paint shops.

- The only fan deck on the market solely based on human visual perception of colour
- Intuitive and logic arrangement of colours
- Efficient for identifying any colour, no matter what the object or situation

HOW THE COLOURS ARE ARRANGED

The NCS Index 1950 is divided into 5 sections based on colour areas, to allow you to navigate among the 1950 colours faster:

- Neutrals and tinted greys
- Yellow (G80Y-Y70R)
- Red (Y80R-R70B)
- Blue (R80B-B70G)
- Green (B80G-G70Y)

COLOUR RANGE

Complete with the NCS 1950 Standard Colour range. In other words, a total of 1950 colours covering the human visuality of colour. This means you never have to worry about not finding the colour you seek.

INCLUDED IN THE PRODUCT

- 380 gms laminated paper with NCS Artwork (other options available, see cover options)
- 216 pages, including 1950 NCS Standard colours with 55 repeats
- Product description (2 pages) and table of content (6 pages, possibility to add additional pages specific to your brand)
- Instructions for how to find the colour you seek in by using the logic behind the NCS System and NCS colour notations

WHY AN NCS PRODUCT?

The NCS System is the only colour system on the market 100% based on visual perception of colour. Our products maintain the highest quality, in other words this means that what you see is what you get. If it isn't already, this carry-along fan deck will become your best friend in colour design as it enables you to quickly identify any colour on the spot.
